

REQUEST FOR PROPOSALS/QUALIFICATIONS
Landscape planning and Implementation Sixth Street Project
The Town of Crested Butte

The Town of Crested Butte is seeking proposals to design and construct the landscaping elements of the Sixth Street Improvement Project. The contractor will be responsible for designing the vegetation element of the project within an existing street and sidewalk plan, planting the vegetation, recommending what existing landscaping can be re-located and accomplishing the re-location, and designing and implementing the irrigation system. The project will begin the summer of 2007. The project will encompass the entire length of Sixth Street within the Town with the majority of the landscaping being concentrated at the Elk Avenue intersection. Applicants should contact Bob Gillie at 349-5338 or at 507 Maroon Avenue, the Town of Crested Butte for additional submittal information. Proposals will be accepted until October 3rd, 2006.
